Audi SEO Audit (Test)

Client: Audi (TEST)

Generated: 2026-02-12

Executive Summary:

- Site health baseline created

- Technical crawl issues identified (sample)

- Content opportunities mapped to intent clusters

Priority Actions (Next 30 Days):

1) Fix indexation + canonical consistency

2) Improve Core Web Vitals on key landing pages

3) Expand model + dealership location pages

4) Strengthen internal linking to money pages

Note: This is a TEST export template.
